

Androscoggin Valley Soil and Water Conservation District

Plant Sale

We are an organization that cooperates with land owners and operators to help protect and conserve our natural resources. We do this by promoting environmental stewardship in Androscoggin and Sagadahoc Counties. Proceeds from this sale go directly into programming that Androscoggin Valley Soil and Water Conservation District offers. This programming can vary from working with children and agriculture, promoting water quality bettering habits on the Androscoggin River, and offering a variety of continuing education trainings for adults.
